

CAT ANCESTRY

BASTU

*A female born 1 May 2011 bearing the microchip
982000363813269.*

Geographic Region

The DNA profile of your cat was compared against a database of 42 worldwide random bred cat populations originating from 8 geographic sources - Europe, East Mediterranean, Egypt, Arabian Sea, Iran/Iraq, India, East Asia and Southeast Asia – and 29 recognized breeds.

Bastu descends from cats of Western Europe.

Phenotypic Markers
